Details of Steroid Investigation Released *Not Yet Time to 'Name Names'*

Colorado Springs, Colo. – A sweeping investigation looking into accusations regarding two anonyms SLW Hall of Famers did indeed turn up evidence of heavy steroid use and body enhancing substances. The exact steroid and substances are not officially known at this time, however they are believed to be a muscle enhancer that is strictly regulated by the U.S.D.A. and is to be only for use on game elephants, wild elk and bison. This would explain why there is substantial growth in body mass with these two individuals (which will be referred to as 10 and 17 for purposes of anonymity), and explains the argumentative nature of each player otherwise known as 'roid rage'.

The investigation which was led by Assistant Commissioner for Communications, Jeff Cain, turned up evidence that the steroid scandal is bigger than anticipated at first by Commissioner Hixson. "We have uncovered evidence that two other wiffers from the greater Bement area (who will be known as SL and JE for purposes of anonymity) are also tied to the scandal." Shangri' La urine sample specialist Dave Cain had not completed the necessary research in his mobile laboratory and needed more time to come to a conclusion on this delicate topic.

"We all know why 10 and 17 used the steroids, I mean look at them, they are old, their game is getting worse everyday and it's just sad. If they were a dog we would have taken them out back and shot 'em a long time ago" stated Jeff Cain.

The 'roid rage' in the alleged players was evident this week when upstanding Commissioner Hixson proposed changes to Lake Front Stadium at a Habitat for Humanity benefit. "Why do you think they started crying and arguing? The answer is steroids, plain and simple," stated Hixson.

The complete report will be released June 1st and is 83 pages in length. Important details that have been leaked are as follows:

- **24, September 2004** -- 10 sees Matt Endsley crushing home run after home run and confronts unknown U.S.D.A. source on where to purchase elephant muscle enhancers
- **25, September 2004** -- 17 and 10 board a flight for the Sudan and purchase enhancers
- **04, October 2004** -- 10 and 17 begin training with Ken Caminiti
- **10, October, 2004** – Ken Caminiti tragically dies of heart attack from use of elephant muscle enhancers
- **11, October, 2004** – 10 and 17 continue to inject themselves with elephant muscle enhancers
- **4, July, 2005** – 10 and 17 are teamed up and but fail to win a game. They later contact Balco
- **6, July, 2005** – SL and JE start training with 10 and 17
- **5, May, 2006** – 10 and 17 suffer from 'roid rage' as they react to changes to Lake Front Stadium.

More information will be released in the June issue of Newsweek and the July issue of Maxim.
